CARNATIONS . Offered by

PELARGONIUMS

JOHN H. SIEVERS

25 POST STREET

SAN FRANCISCO, CAL.

INTRODUCTORY.

IN PRESENTING our New Descriptive Catalogue for 1897, we call with pleasure attention to the many novelties

OF OUR OWN RAISING,

it contains, and claim that our

New Carnations,
New Pelargoniums,
New Begonias,

are a grand advance upon existing varieties. You will miss some of your old Favorites—not being listed by us. Our rule is to discard any variety as soon as we have produced or imported improvements upon them, and by doing so we claim to be able to offer the very best.

Our well-known and gratifying success at all the Plant and Flower Shows held during the last twenty years in this city verifies the above.

We invite personal inspection of our stock at our Nurseries, located on Chestnut Street, between Polk and Van Ness Avenue. These can be reached by the Union Street Cable Road, or by the Sutter and Polk Street line. From the corner of Polk and Union Streets it is only three short blocks to the Nurseries.

INSTRUCTIONS.

1. All purchasers are requested, when ordering by mail or otherwise, to give their proper address, and directions where to and how they desire their orders shipped—whether by freight or express. When not advised how to ship, we exercise our own judgment, and forward to the best advantage of the purchaser.
2. New customers and persons unknown to us are kindly requested to accompany their esteemed orders either with Wells Fargo & Co's Express or Post Office money orders, or draft on San Francisco, or with satisfactory reference.
3. All orders are carefully packed for shipment by experienced hands, so they may be sent to even far distant points with perfect safety; and no charges are made for packing and shipping by express or freight at San Francisco.
4. After delivery to forwarders, in good condition, all shipments are at customers' risk; and complaints of any kind will not be entertained unless made promptly upon receipt of stock.
5. All communications should be addressed to

JOHN H. SIEVERS,

25 Post Street, San Francisco, Cal.

THE SIEVERS GIANT DOUBLE

TUBEROUS-ROOTED BEGONIAS

ARE SUPERIOR TO ANY
OFFERED IN EUROPE OR AMERICA.

They are the result of crossing the Mammoth Single Begonias with Double flowering varieties, and the result is: a Strain of Begonias of gigantic growth, Mammoth Flowers, resembling in shape, Roses, Camellias, Hollyhocks, and exceeding them in size. In coloring, numerous shades of any color, excepting blue, they are unapproached by any flower.

Descriptive List of the Sievers Giant Double Tuberous-Rooted Begonias.

Dr. Brigham—Pure white Rose-shaped flowers, erect flowering, edge of petals round, but petals undulating.

Miss. L. Schwerin—Very rich, deep rose-pink, flowers born on erect strong stems, very full, fine substance and grand shape.

Mrs. W. H. Smyth—Deep rose shading to almost white at edge of petals, very erect flowering, flowers crowded with fluted petals, but finishing up in one center.

Maud Hooper—Deep flesh colored flowers, outside petals of immense size deeply cut or fimbriated, center of flower rosette shaped like a Rose placed into large shell-like leaves.

Mamie Sievers—Beautiful round flowers, color white, shaded with lemon, petals fringed and wavy, in shape like a Camellia, erect flowering.

Sophie Sievers—Clear, soft, rich, deep pink, round Camellia shaped flowers, petals undulating and finely fringed.

Mrs. J. H. Colen—Very large round guard petals, center very full and crowded like a Hollyhock, color, rich creamy white, erect flowering.

C. Kruger—Rich bright red full flowers, composed of large wavy petals, erect flowering.

Louise Sievers—Rich rose colored flower of the Hollyhock type, guard petals extra large and round, center full and formed of undulating petals, erect flowering.

Mrs. Holman—Light flesh-pink flowers of the most perfect shape imaginable, formed like a grand Camellia, flowers born on strong stems and very compact in growth.

Nellie Fenton—Color deep rose, shaded bronze, petals fluted and forming a grand rose-shaded flower of irregular but very pleasing shape, flowers erect on strong stems.

Mrs. McCartney—A lovely shell pink colored flowers, petals like sea shells, wavy, fringed and fimbriated and finishing up one after another to a perfect center.

John H. Sievers—Intense rich deep carmine-rose. Flowers of enormous size, as regular in build as a Camellia, petals round, smooth and of great thickness, and carried erect on strong stems.

Mrs. Wm. Coupland—Enormous flowers of grand Rose-shape, in color, light rose shading to a very light color almost white at edges, petals undulated, forming a high built-up center, erect flowering.

Wm. Coupland—Deep orange red in color, Camellia shape, smooth round petals of great substance and flowers carried erect on strong stems.

Chas. Ahlborn—Deep crimson rose of a rich tint, flowers of Rose shape, high centered, full, and erect flowering.

Wm. Babcock—Very light lemon colored Rose-shaped flower, composed of wavy, undulating petals of irregular but very pleasing form, erect flowering.

Mrs. Morgan—Light buff-salmon in color, in form, a perfect ball formed of fluted, fringed petals.

Mrs. H. E. Holbrow—Immense lilac-pink flowers, shading to white at edge of petals, very full, but petals are well arranged.

Mrs. Allyn—Rich deep salmon in color, of Rose shape, with high center, petals beautifully serrated.

John McLaren—A beautiful loosely arranged flower, wavy, white in color, and carried very erect on strong stems, not one of the largest, but very free in bloom and very pleasing.

J. Schwind—Deep carmine shaded purple, a very brilliant shade, round, smooth petals forming a Camellia shaped flower.

Katie Sievers—A brilliant, glowing shade of very deep carmine-rose in color, in shape a very high built flower of the Hollyhock type, crowded but nicely arranged, composed of undulating petals.

Park Fellows—Blair deep buff, not an extraordinary large flower, but of good size, its rare and rich coloring make it one of the most admired.

Grace Henderson—Rich, pure, deep salmon in color, in shape almost like a Rose, center upright, petals round of fine texture and forming a lovely flower, carried erect on good stems.

J. F. Sims—A grand lemon yellow Rose shaped flower of the largest size, composed of waxy, wavy petals.

Mrs. May Ellis—A glowing shade of magenta-rose, a beautiful color, grand flower in shape, size, freedom of bloom and habit of erect stems to flowers.

Mrs. T. Sachau—A beautiful shaded flower, ground color of flower, which are of grand size, full and of grand shape is white, edge of petals beautifully shaded rosy-pink.

Mrs. F. Beringer—A fine pink variety of the largest size, shape and finish, with the entire edge of petals surrounded by a much deeper shade of color.

Geo. B. Jones—A light salmon-red almost light terra cotta, a very bright and attractive flower, carried on very strong erect stems, petals smooth, round and forming a Camellia shaped flower.

Prices of the Sievers Giant Double Tuberous-Rooted Begonias.

Up to March 1st we can furnish fine large tubers of the above described Grand Begonias, after that date plants started in pots at the price of \$1.00 each or \$10.00 per dozen.

Important Notice—The price charged for the Sievers Giant Begonias may seem high in comparison with the prices quoted by other growers in America for Double Tuberous-Rooted Begonias, but we claim there is no comparison possible with our Strain, and the price we offer our Grand Begonias is $\frac{1}{3}$ of the price we have paid for the best Begonias from the most noted growers in Europe, and it is admitted that our Strain is **Far Superior**.

European Tuberous-Rooted Begonias.

From the many European Importations we have retained the following varieties being entirely distinct in growth and bloom from our Strain, and are in every way desirable.

Alice Manning—Deep sulphur yellow in color, flowers of good size, and produced on immense drooping branches, making this variety an Ideal Basket Begonia; very attractive. Price 50 cents each.

King Ludwig—Immense deep rich crimson-red flowers; very rich in color, flowers of the largest size. Price 50 cents each.

Rosebud—A well named variety; clear rose-pink, waxy petals forming, when half expanded, flowers resembling Rosebuds in shape, and carried erect on strong stems. Price 50 cents each.

Laing's Fringed White—This variety was sold when first offered by Mr. Laing at \$5.00 a tuber or bulb. It is a grand single white, with large, round petals which are deeply cut and serrated at the edge. Flowers erect on strong stems. Price \$1.00 each.

THE SIEVERS NEW CARNATIONS

The most notable feature of the past two shows of the California State Floral Society have been our Exhibits of

Our New Wonderful Seedling Carnations.

These have been now fully tested, prove to be remarkably free in growth and bloom, and certainly are

The Largest and Most Perfect Carnations

ever offered to the public the world over. They are a Californian production, being raised by us, from an entirely New Cross in Carnations, the hardy Exhibition type of Europe crossed with the best American varieties, and the result is

A New Race of Carnations,

with immense flowers, of all shades of color, from lightest scarlet to deep, almost black-red, from the lightest flesh to pure deep rose pink, from deep pink to the richest shades of the American Beauty Rose, from light yellow to deep old gold, and also perfect shades of

Deep Lavender, Almost Blue.

In Variegated Carnations we have them Edged, Striped, Flaked, in all shades of Colors.

Descriptive List of the Sievers New Carnations.

Sievers No. 37—Ground color of Flower white, distinctly edged, deep pink and also heavily striped with same color.

Sievers No. 29—A very light shade of Scarlet, very bright and pleasing, petals beautifully fringed.

Sievers No. 21—A grand dark velvety red, with deeply cut petals.

Sievers No. 13—Grand color scarlet, striped and flaked with dark maroon.

Sievers No. 10—Brilliant deep scarlet, petals deeply cut and fringed.

Sievers No. 17—Very dark red, almost black, petals round and smooth.

Sievers No. 109—Deep orange colored, ground flaked and striped light carmine.

Sievers No. 73—A very deep salmon pink, with fluted fringed petals.

Sievers No. 83—Deep velvety maroon of a very rich shade.

Sievers No. 66—Very light cream ground color, penciled and striped very delicately with very light pink.

Sievers No. 68—Enormous, deep, rose-colored flowers, very full and deep.

Sievers No. 87—Very dark pink, extra large flowers of great depth.

Sievers No. 44—Intense scarlet, extra full flower, crowded with petals, which are undulated and lightly toothed at edges.

Sievers No. 32—Velvety deep red, petals very deeply cut and fringed.

Sievers No. 79—Brilliant deep carmine red, color of a fine American Beauty Rose; full, deep flowers.

To be sent out March 1st. Orders booked now.

Descriptive List of the Sievers New Carnations—Continued.

Sievers No. 6—Light lavender, a novel shade in Carnations, shading to flame color in center; flowers of large size and grand shape.

Sievers No. 5—Brilliant deep crimson red, petals deeply fringed and cut.

Sievers No. 38—Intense dark scarlet, immense size, very full flowers, petals undulated and of novel shape.

Sievers No. 78—Deep Carmine Rose, very deep flowers of fine finish.

Sievers No. 74—Very light cream ground, almost white, very lightly penciled with lightest rose shade.

Sievers No. 30—White ground color, flaked with deep pink, petals deeply fringed.

Sievers No. 77—Blush colored ground, edge of petals banded purple, and flower also penciled purple.

Sievers No. 153—Extra full, bright terra cotta colored flowers, or salmon red, with undulated, toothed petals.

Sievers No. 126—Deep lavender, almost blue, flowers of grand size, beautiful shape, and with a glistening satin finish.

Sievers No. 154—Almost a pure white, sometimes faintly dotted pink; a large flower of grand substance, with deeply cut petals.

Sievers No. 92—Bright orange flaked, with deep carmine.

Sievers No. 133—Deep carmine pink, with undulated, finely fringed petals.

Sievers No. 169—Intense brilliant carmine red, with smooth, silky, rounded petals.

Sievers No. 151—White ground, striped and edged, light rosy carmine, petals very deeply cut.

Sievers No. 120—White ground color, penciled with very light, but bright red.

Sievers No. 146—White ground, distinctly surrounded by edge of deep pink, and also dotted and striped deeply with same color.

Sievers No. 122—Very deep lavender, flaked with flame color, a new and striking flower of fine shape and largest size.

Sievers No. 125—Cream ground color, edge of petals broadly banded with very deep carmine red, and petals also flaked with same color.

Sievers No. 41—Creamy white ground, beautifully penciled with light purple.

Sievers No. 110—Ground color of flower, deep buff, striped and splashed with flame color.

Sievers No. 117—Brightest gold color, flaked with deep carmine red.

Sievers No. 103—Very light buff yellow, flaked with rosy carmine.

Sievers No. 112—Pure deep rose of a beautiful shade, no purple or magenta in it; flowers of large size, fine finish, and of fine shape.

Sievers No. 127—Ground color of flower white, surrounded by a broad band of intense dark crimson color, and also petals veined and striped profusely with same color as edge.

Sievers No. 143—Wavy white, dotted and striped with scarlet.

To be sent out March 1st. Orders booked now.

Descriptive List of the Sievers New Carnations—Continued.

Sievers No. 70—White ground color, penciled and flaked with delicate rose.

Sievers No. 63—Creamy white ground, dotted with bright red, flowers very full and deep, and of the largest size.

Sievers No. 190—Intense scarlet, striped and flaked with very dark maroon.

Sievers No. 69—Very large, deep purple garnet, flowers of grand shape, fine finish and great substance.

Sievers No. 128—White ground, penciled and dotted profusely with intense rosy red.

Sievers No. 176—Ground color of flower rosy red, edged by a broad band of intense scarlet; a very novel combination of colors; flowers large and deeply fringed.

Sievers No. 176—The largest red Carnation of the set; in fact, so large and full that we do not think that it should bloom as freely as some of the other varieties.

Sievers No. 216—Flowers of the sample shape as Wm. Scott, but much larger, fuller, and of a clear pink shade, without magenta.

Sievers No. 225—Clear yellow ground, edged and striped with clear deep rose.

Sievers No. 226—Chrome yellow ground, edged and striped with light red.

Price of Sievers New Seedling Carnations.

So as to place our Grand Novelties within the reach of all lovers of flowers, we have decided to offer them at the same price we have offered in former years, New Carnations raised by other growers.

Each, 25 cents; \$2.50 per 12.

The entire set of 50 distinct varieties for \$10.00.

CAUTION.—The Sievers Carnations are not sold by any other firm in Europe or America; they can only be obtained from

JOHN H. SIEVERS,
25 POST STREET, SAN FRANCISCO, CAL.

Orders booked and filled in rotation, commencing March 1, 1897.

A Select List of Carnations.

The Best of the Older Varieties and Choice New Varieties.

Eldorado—Light yellow, edged with light pink. Strong, vigorous in growth, and very free in bloom.

Kitty Clover—Light yellow, striped lightly with red. Free in growth and bloom. Flowers nicely fringed.

Eulalie—Chrome yellow, profusely penciled with bronze pink. Strong, vigorous, free in bloom. Flowers well fringed.

Princess Bonnie—Extra large flowers of a light pink shade, prettily marked and penciled with a darker shade.

Alaska—A fine white of strong, erect growth and profuse bloomer.

A Select List of Carnations—Continued,

Peach-Blow—Color, a very intense shade of rich pink; flowers of good size, and free in growth and bloom.

Corsair—A fine scarlet Carnation, of extra large size, vigorous growth and fine bloomer.

Wm. Scott—A general favorite on account of its fine habit of growth, freedom of bloom, and finely fringed pink flowers.

Daybreak—Large, perfectly double flowers, of a most delicate shade of very light flesh pink.

Ivory (New)—Very finely fringed flowers of the purest white.

Jubilee (New)—Intense scarlet in color, flowers of large size, perfect form; vigorous in growth and free in bloom.

Triumph (New)—Deep pink, deeply fringed flowers of the largest size, flowers freely produced on long stems.

Della Fox (New)—In color a little darker in shade, but of the same tint; in growth more erect than that popular variety. Deep flesh pink in color, full flowers of good size; erect on strong stems.

Price, 15 cents each, \$1.50 per 12 plants, except Ivory, Triumph, Jubilee and Della Fox, which are

25 cents each, \$2.50 per 12 plants.

NEW PELARGONIUMS FOR 1897 OF OUR PRODUCTION

Empress of Russia—A seedling from that grand variety, Emperor of Russia, but entirely distinct. Ground color, a very light lavender with almost white center and shading also to white at edge of petals, each petal with blotch of dark maroon surrounded by crimson-purple.

Charmer—Our grand variety Inocente has been much admired on account of its size, fimbriated petals, and silky texture, in Charmer we have a variety that is a counterpart of Inocente, but of a charming shade of blush-pink, with upper petals very lightly feathered carmine.

Carmen—Flowers extra large, white, shaded deep flesh, upper petals blotched deep carmine surrounded by fiery crimson, lower petals feathered crimson; edge of all petals white.

Violet—Clear, purple ground of a very clear shade with no trace of magenta, upper petals grandly blotched with dark violet; large flowers of fine, round shape.

Leonora—The nearest approach to Salmon color in Pelargoniums; extra large flowers of grand shape and nicely fimbriated, in color a clear, deep salmon shaded pink, upper petals grandly blotched crimson-red, with lower petals lightly feathered same shade of color.

Ruth—Our Grand Variety Anita is considered to be not only the largest, but one of the most charming in combination and brightness of coloring, in Ruth we have a variety of the same type, but of a light shade of flesh pink shaded light violet, with upper petals blotched rosy carmine, edge of petals white also center of flower.

Price 50 cents each. The set of six for \$2.50.

Our grand novelties, our selection from new English varieties and our grand collection of these popular flowers, were the most admired feature of the Spring Shows of the California State Floral Society, and were awarded the First Premium.

The Grand Novelties in Pelargoniums of our own Raising.

A grand advance upon existing varieties.

John H. Sievers—A seedling of ours from that magnificent variety, Empress of India, which it surpasses in every way, color, size of flower and freedom of bloom. Immense trusses of extra large flowers, of a most brilliant shade of salmon-scarlet, the two upper petals blotched with dark crimson, light center.

Anita—A most charming flower of extraordinary size, combining with it great freedom of bloom. Of a lovely shade of brightest rosy pink; upper petals grandly feathered with dark velvety crimson, with an almost white center.

Mrs. O. W. Childs—A grand novelty, a distinct new flower; of remarkable freedom of bloom, dwarf, compact growth. Very large trusses of extra large beautifully rounded, and at the same time fluted flowers of a most exquisite shade of rose pink, with the remarkable absence of hardly any markings on the petals.

Inocente—A grand flower of great substance, one-half again as large as any other white Pelargonium. Inocente, translated, means purity, which well describes the color of this lovely novelty. Of the purest white, extraordinary size, extra number of petals, which are beautifully fimbriated.

Katie IIs—The nearest approach to a double Pelargonium, in the full sense of the word, and of good size, far surpassing Empress Frederick. Camellia-

like, double white flowers, of good substance.

Alexander Crow—The well-known and deservedly popular Mad. Thiebaud Pelargonium is much admired; our Alexander Crow is a flower of the same type, only more double, petals much more fimbriated, or crisp, of a deeper shade and more brilliant coloring, and a lighter center. Habit of growth, excellent.

Mrs. S. P. Hart—A grand improvement on Louise Arner. Immense trusses of extraordinary size, composed of silky, pure white flowers of great substance, upper petals grandly feathered with carmine, the entire flowers beautifully fringed and fimbriated. Very vigorous in growth, and very profuse bloomer.

Purity—A seedling from Volante Nationale album, which it resembles in growth, freedom of bloom and size of flowers. But purity is of a purer, glistening white, with petals of a more rounded form. It is also more vigorous in growth. A grand, well-named novelty.

F. S. Brush—This will become a general favorite; its habit of growth, great freedom of bloom, grand trusses of extra large flowers, produced under the most ordinary treatment, make it a grand garden variety. In color it is of a delicate shade of lavender pink, upper petals are grandly blotched and lower petals feathered with velvety maroon. The flowers are beautifully fringed and undulated.

Large plants, 35 cents each, \$4.00 per 12.

Fine, young plants, 25 cents each, \$2.50 per 12.

Our grand novelties, our selection from new English varieties and our grand collection of these popular flowers, were the most admired feature of the Spring Show of the California State Floral Society, and were awarded the First Premium.

NEW ENGLISH PELARGONIUMS.

From a large collection imported by us from England at a great expense, we have selected the following varieties as new, distinct and desirable.

Radiant—Brilliant crimson, lightly feathered with darker shade on lower petals; upper petals heavily blotched black.

Mrs. H. J. Jones—Immense trusses of extra large flowers of rounded form; color, a beautiful shade of cerise-red; upper petals grandly feathered with dark crimson.

Countess—Very large flowers of a distinct shade of cerise-salmon, large white throat; petals distinctly edged with white, upper petals splashed with maroon.

Mrs. Hollingsworth—This variety has a fine compact habit, and is of a very attractive color; deep rose ground

feathered with red on upper petals. Fine trusses of large, deeply fringed and crisped flowers.

Duke of Fife—A regal variety, in the way of Mad. Thiebaud, but with much deeper colored flowers, and of a fuller appearance.

Linda—A remarkably free blooming Pelargonium, producing large trusses of elegantly fringed flowers of a new shade of color; a beautiful orange-pink; upper petals feathered with carmine.

Blue Mabel—Identical with the well-known Mabel, except color, which is of a rich plum shade.

Large Plants, 35 cents each, \$4.00 per 12.

Fine young plants, 25 cents each, \$2.50 per 12.

New and Choice Regal Pelargoniums.

Beauty of Oxtou—The upper petals very rich maroon, darkly blotched under petals very dark crimson; light centers, and all the petals margined with white.

Bush Hill Beauty—Flowers of large size, of a mottled rose shade, much deeper than the parent, Mad. Thiebaud.

Champion—Flowers extra large; white, delicately shaded blush, small lake blotch in lower petals, upper petals feathered with maroon and red; immense trusses.

Captain Raikes—Flowers very large and full; color, dark fiery crimson; petals crispy, and of great substance.

Dr. Masters—Very rich shade of dark red; upper petals grandly blotched with black, and lower petals also shaded black. Very rich.

Duke of Albany—Deep rich crimson maroon, margined with rosy lake;

light center, surrounded with violet rose shading. A grand, dark variety, having a very full appearance.

Duchess of Teck—Very large trusses of extra large, semi-double, white flowers; petals undulated and frilled. A grand white variety.

Dorothy—Fine large flowers, full and round, of a soft shade of carmine rose, white center, surrounded with lilac shade, all the petals margined white and elegantly frilled; upper petals, blotched maroon.

Edward Perkins—Bright orange scarlet; maroon blotch on upper petals, which are beautifully fringed and undulated.

Empress of India—A magnificent variety, producing splendid trusses of very large flowers, of a brilliant shade of salmon scarlet, the two upper petals blotched with dark crimson, light center. It is of excellent habit, and most desirable.

Our grand novelties, our selection from new English varieties and our grand collection of these popular flowers, were the most admired feature of the Spring Show of the California State Floral Society, and were awarded the First Premium.

New and Choice Regal Pelargoniums—Continued.

Emperor of Russia—Extra large flowers; dark maroon, surrounded with crimson-purple, margined with bluish white. A most effective variety.

Gloire de Tours—Flowers of the largest size and of great substance. Color, bright dark-scarlet; upper petals blotched velvety black; center of flower a distinct shade of violet. A magnificent variety.

Mad. Thiebaud—The Queen of the Pelargoniums. Blotched and marbled rose on white ground; upper petals marked with crimson maroon; large, white center, and edges of petals also white.

Maud Hooper—A charming variety of our own raising. Of fine, dwarf habit with flowers of a delicate rosy-blush, deepening towards center of flower; upper petals feathered deep rose. Beautifully fringed and undulated. Very free bloomer.

Mr. Worthington—A remarkable distinct variety of our raising. Large flowers, with elegantly fringed margins, of a beautiful orange scarlet color, center light maroon; upper petals blotched with intense black.

Miss. E. G. Britton—Another seedling of our own, named after one of San Francisco's most successful amateurs. Extra large flowers, beautifully fringed and undulated, of great substance. Color, a delicate salmon-pink; upper petals handsomely feathered, velvety carmine.

Mrs. Harrison—A light-colored sport from Mad. Thiebaud, having all the good points of the parent; large flowers and fine habit.

Mrs. Perkins—Pure white, maroon blotch on upper petals; bold flowers, crimped edges; splendid habit.

Miss. L. Cannell—Maroon and crimson,

with a well defined white margin and center.

Prince Henry—Soft, rosy red, shaded orange and chocolate; broad, white margin and center, bold flowers of great substance, fine trusses. Raised from Mad. Thiebaud.

Princesse Beatrice—Of a blush white shade, deep crimson blotch on each petal, occasionally semi-double. A sport from Mad. Thiebaud.

Prince George—Large trusses of finely fringed white flowers, faintly suffused with blush, all the petals spotted with purplish lake, the two upper petals more marked than the others. Very handsome and distinct.

Princess Victoria—A most charming variety, producing large trusses of double flowers of medium size, of a delicate shade of blush-pink.

Prince of Wales—Very double appearing flowers; color, velvety scarlet, marbled and reticulated with white; large, clear and distinct white center, and the upper petals blotched with maroon.

Princess Maud—Full, light carmine flowers, broadly margined with white, large, white center, surrounded with violet; upper petals feathered with maroon.

Queen Victoria—Crispy petals, of a rich vermilion color, broadly margined with pure white, the upper petals blotched with maroon, with a white center. Flowers of great substance.

Volante National—Flowers large, good shape, delicate light rose, white center, surrounded with violet; upper petals feathered with maroon. Of dwarf habit, and very free flowering.

Volante Nationale Album—Flowers of the purest white, produced in great profusion. Large, full and crispy; of moderate growth.

Large plants, 35 cents each, \$4.00 per 12.

Fine young plants, 15 cents, \$1.50 per 12.

Our grand novelties, our selection from new English varieties and our grand collection of these popular flowers, were the most admired feature of the Spring Show of the California State Floral Society, and were awarded the First Premium.

New and Choice Large Flowering Pelargoniums.

Anna Pfitzer—Brilliant carmine; center maroon. Upper petals feathered with crimson.

Agatha—A fine flower of good form; upper petals bright crimson, blotched with maroon, and margined white; upper petals blush white, feathered with bright crimson.

Dr. Andre—An elegantly fringed flower. Color, delicate pink; upper petals feathered with maroon.

Embassy—Extra large flowers of rounded form. Color, white, faintly suffused with violet, the two upper petals blotched with deep violet maroon.

Milton—Upper petals grandly blotched dark maroon, surrounded with bright crimson and edged with rose; lower petals soft pink, feathered with crim-

son; light center. Large trusses of fine, elegantly fringed flowers.

Mabel—Upper petals brilliant, dark maroon; under petals soft, rosy pink; large, white center.

Mad. Vibert—Ground color, rose, almost covered with brilliant, black maroon blotches; light center and edges.

Mrs. John Saul—Rich, glowing vermillion, with a lighter center, and light margin of the petals; upper petals feathered with crimson.

Triomphe de St. Mande—Extra large flowers, of carmine pink color, upper petals flushed crimson.

Variegata—A prettily striped flower; deep rose on white ground.

Large plants, 35 cents each, \$4.00 per 12.
Fine young plants, 15 cents each, \$1.50 per 12.

NEW ROSES

NEW ROSE—Fiammetta Nobonnand (Tea).

This promises to become as popular when known as Papa Gontier, from which it is a seedling, crossed with Niphetos. In color satin white, shaded on outer petals with light rosy pink, in shape flowers similar to Papa Gontier, but even of a larger size. In growth, foliage, and freedom of growth, it is like Gontier, perfect. We will be able to furnish by May 1st nice plants of above grand novelty, and will send prepaid by express or mail any orders for it booked before May 1st.

Price, 50 cents each.

*NEW ROSE—Belle Siebrecht.

Among the many excellent roses introduced during the past year Belle Siebrecht takes a prominent place. Its lovely, long, tapering buds, with high center, are of the largest size; in color, an intense shade of rich, deep pink; when expanding, the petals reflex in a graceful manner. It is a free and vigorous grower, with large, glossy foliage of leathery texture; a most prolific bloomer, every growth producing a perfect flower. In every respect, a grand rose. It is one of the roses that has won the gold medal offered by the National Rose Society of Great Britain.

25, 35 and 50 cents each, according to size.

*NEW ROSE—Peachblossom.

A name that exactly suits this lovely new rose of our own raising. It is a most dainty flower, having a charm all its own, every petal of the flower being beautifully fringed and fluted like a carnation; in color, it is of a lovely shade of light peach. The flowers are large and remarkably sweet.

35 and 50 cents each, according to size.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction.

* **AMAZONE**—Deep yellow, fine long buds.

ARCHDUCHESS MARIA IMACULATA—Brick red, shaded with salmon, center vermillion.

* **ABEL GRAND**—Rosy blush, large globular flowers.

* **AVOCAT DUVIVIERE**—Dark scarlet crimson, shaded black ; large and full.

ANNA ALEXIEFF—Fine rose color ; large and full.

AUSTRIAN COPPER—Brilliant coppery-red single flowers.

ANNA DE DIESBACH—Clear deep rose ; large globular flowers.

AMERICAN BEAUTY—Deep crimson-red ; large, full and very sweet.

* **ADRIENNE CHRISTOPHLE**—Cream colored flowers, with base of petals rosy-amber.

* **BARON DE BONSTETTEN**—Very dark velvety crimson, shaded black.

* **BARONESS ROTHSCHILD**—Beautiful, clear, pale rose, beautifully shaded ; a grand rose.

BLACK PRINCE—Dark velvety crimson, shaded black.

* **BARON DE ST. THREVIERES**—Deep rose, shaded with bronze ; very free in growth and bloom.

* **BON SILENE**—Deep rosy color, outer petals flushed deep rosy crimson ; fine buds.

* **BOUGERE**—Light rose, shaded bronze ; large, full and of grand shape.

BEAUTY OF GLAZENWOOD—A combination of copper, carmine and salmon-yellow ; a free and vigorous climber.

* **BRIDESMAID**—One of the best pink roses, fine in color ; of grand shape, large size and free in bloom and growth.

BEAUTY INCONSTANT—Bright capucine-red, shaded carmine and bright yellow.

All orders for field-grown Roses should reach us before March 1st, as after that date Roses start growing and will not transplant well.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

BERTHE CLAVEL—Color creamy white, with rose center ; reverse of petals striped violet and light rose.

BARRONE BERGE—Light rose, shaded with cream and yellow.

CHARLOTTE GILLEMOT—Fine ivory white, with stout petals, in shape like a camellia.

CLIO—Soft flesh color, shading to rosy pink at center ; large, full and of grand shape.

CORRINA—Of light flesh, color shaded with rose and flushed with tawny copper.

* **CRIMSON RAMBLER**—Best described as a red Banksia. Flowers in immense clusters of a brilliant shade of red ; of climbing habit.

CAPTAIN HAYWARD—Bright crimson carmine, a new shade of color ; of perfect form, and very large size.

* **CAPTAIN CHRISTY**—Delicate flesh color shading to deep pink at center ; extra large and full.

25 cents each ; \$2.50 per 12, for strong mostly 2 year old field-grown plants. Of all the varieties marked with a star we can supply also extra large selected 3 year old plants at 35 cents each ; \$4.00 per 12.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

* **CELINE FORRESTER**—A light lemon yellow in color, full, large; of climbing habit.

* **CLAIRE CARNOT**—Color, fine coppery rose, shaded with amber at base of petals; bordered with white and rosy carmine. A strong climber.

* **CLIMBING DEVONIENSIS**—Large creamy white, with shell-like petals of great substance.

* **CLIMBING NIPHETOS**—Immense pure white flowers, fine long buds of climbing habit.

* **CLOTH OF GOLD**—Yellow edged with sulphur, flowers large, full and of great substance. Of strong climbing habit.

* **COMTESSE RIZA DU PARK**—Salmon rose, tinted with copper, base of petals amber, large full and globular.

* **CATHERINE MERMET**—Flesh colored rose of grand shape, full and very large.

* **CAMOENS**—Bright, bronze rose, shaded with amber at center. Very free in bloom and growth.

COMTESSE FRIGNEUSE—Deep lemon yellow, long buds; but of moderate growth.

COMTESSE ANNA THUN—Orange yellow shaded with pink and saffron, of cupped form.

DUKE OF YORK—Color changing from rose to light flesh, bordered with white, and tipped with deep rosy pink.

DANMARK—Similar to La France, but of clearer color, larger size, and better substance.

DEVONIENSIS—Creamy white, petals of great substance; large and very sweet.

* **DR. GRILL**—Coppery yellow in the center, shading to clear rose; reverse of petals flushed deep rose.

* **DUCHESS OF ALBANY**—In the way of La France, but much deeper in color; grand in every respect.

All orders for field-grown Roses should reach us before March 1st, as after that date Roses start growing and will not transplant well.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

* **DUCHESSE d'AUERSTADT**—Bright yellow, shaded with nankeen at center; very large and full. Of climbing habit.

DUKE OF EDINBOURGH—Brilliant scarlet crimson, large and full.

* **DUCHESSE de BRABANT**—Bright deep rosy pink of beautiful cupped form.

EMPEROR WILLIAM—Color yellow, shaded with rose, large, full. Of moderate climbing habit.

ERNEST METZ—Soft carmine rose with brighter colored center; very large, finely formed flowers and buds.

ETOILE d'ANJERS—Chamois yellow, bordered with peach, with shading of bronze.

ELISE FUGIER—A deep cream colored niphotos, sometimes edged with pink.

EARL OF DUFFERIN—Velvety crimson, shaded with maroon; large, full and well formed.

* **EMPEREUR de MAROC**—Rich velvety maroon, shaded black; full and of fine form.

FRANCOIS DUBREUIL—Crimson of a very bright shade. A very promising new red tea-rose.

* **FRANCISCA KRUGER**—Coppery yellow, shaded with peach; large and full. A fine grower and good bloomer.

* **GEN. MERTCHANSKY**—Color, rosy flesh, with deeper center, base of petals amber.

GRAND DUCHESS HILDA—Color, nankeen yellow with ochre center. Very effective in bud.

GOLDEN GATE—Creamy white, center and base of petals soft golden yellow, edge of petals frequently tinted with clear rose.

GRAND MOGUL—Deep crimson-scarlet, shaded with scarlet and black; of very fine form.

GUSTAVE PIGANEAU—Brilliant carmine-lake; very large, as large as in Paul Neyron; of fine shape.

25 cents each; \$2.50 per 12, for strong mostly 2 year old field-grown plants. Of all the varieties marked with a star we can supply also extra large selected 3 year old plants at 35 cents each; \$4.00 per 12.

**List of New and Standard Varieties of Roses, Including Many
Varieties of Recent Introduction—Continued.**

***GRACE DARLING**—Color, porcelain-rose, shaded with peach ; large and full.

***GLOIRE DE MARGOTTIN**—Large, finely shaped ; red, almost scarlet, buds, opening into extra large flowers, retaining their bright color well. A climber, growing to a moderate height.

GLOIRE DE DIJON—Color rich, coppery-yellow, shaded with amber ; large and very full. Of climbing habit.

***GOLD OF OPHIR**—Salmon-yellow, shaded with bright deep rose ; very effective. A strong climber.

GENERAL JAQUEMINOT—Brilliant red ; velvety, large, full and fragrant. Very popular.

GLOIRE DE BOURG LA REINE—Brilliant scarlet-red ; large and double.

***GLOIRE LYONNAISE**—White, tinted with yellow ; of grand shape. Very vigorous in growth.

HENRY M. STANLEY—Pink, tinged with salmon ; large, finely formed flowers ; beautiful buds.

H. PLANTAGENET—Brilliant China Rose in color, with deeper shadings. Vigorous in growth and free in bloom.

HOMER—Light flesh, edged with vermillion, sometimes dotted rosy lake. Very vigorous in growth.

HON. EDITH GIFFORD—Creamy white, shaded light salmon at center ; large and full.

***HER MAJESTY**—Clear bright rose ; grand, perfect shape ; very large, and of fine finish, but not a free bloomer.

HIPPOLYTE JAMAIN—Beautiful bright rose, shaded with carmine ; large and full.

HEINRICH SCHULTHEIS—Delicate rose ; large, full and sweet.

***JAUNE NABONNAND**—Deep salmon-yellow ; long, pointed buds, full flowers of good substance.

All orders for field-grown Roses should reach us before March 1st, as after that date Roses start growing and will not transplant well.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

* **JEANNIE DICKSON**—Deep rosy pink ; extra large full flowers, of grand shape.

JEAN PERNET—Beautiful light yellow, shaded light salmon ; large, full, and of good shape.

* **JEAN LIABAUD**—Velvety crimson, shaded with black ; large, full, and of grand form.

* **ISABELLA SPRUNT**—Sulphur yellow ; very handsome buds ; very free.

* **IMPROVED RAINBOW**—(Tea). The Improved Rainbow is entirely distinct and far superior to rainbow. The Improved Rainbow is penciled with brightest Gontier color, every petal in every flower, and base of petals of a brighter amber color, making a very distinct and charming flower. Our exhibit of it at the Midwinter Fair was the admiration of all.

We have a magnificent stock of it in fine three year old plants on their own roots.

* **KAISERIN AUGUSTA VICTORIA**—A grand creamy white flower of the greatest substance, largest size, finest form, and most vigorous in growth and free in bloom. We have magnificent plants of it in fine two and three year old plants on their own roots, or budded.

* **KETTEN FRERES**—Very deep golden yellow ; flowers extra large, full. Of climbing habit.

LEONIE OSTERRIETH—Pure porcelain white, with deeper center. A very free bloomer.

* **LA FRANCE d'89**—Brilliant rosy red ; very large, almost like a Peaony ; very vigorous.

* **LA CHANSON**—Deep rosy carmine ; fine buds ; free in growth and bloom ; very effective.

* **LETTY COLES**—Very light flesh pink, shaded rosy pink, extra large ; very full and of globular form.

LAURETTE—Creamy white ; extra large full flowers ; very vigorous.

* **LA FRANCE**—Silvery deep rose ; large and full, and very fragrant. A general favorite.

25 cents each ; \$2.50 per 12, for strong mostly 2 year old field-grown plants. Of all the varieties marked with a star we can supply also extra large selected 3 year old plants at 35 cents each ; \$4.00 per 12.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

* **L' IDEAL**—Rosy pink, suffused with metallic tints of copper and gold, and sometimes shaded with flame color; base of petals a rich amber. A beautiful and novel climbing rose.

* **LA MARQUE**—Pure white buds; open flower tinged with light canary yellow. A strong climber.

LUCIOLE—Bright crimson rose, tinted coppery yellow, reverse of petals bronzy; large and full; very sweet.

* **LADY HELEN STEWART**—Bright crimson scarlet, petals smooth and of good substance. Highly perfumed.

* **LA FRANCE STRIPED**—See Mad. A. Veysset.

MAD. CARNOT—Light apricot yellow, with very deep apricot center; of good size, petals large, fine buds.

MAD. A. CHATENAY—Rosy carmine, shaded vermillion and salmon, base of petals deeper in color.

MARCHIONESS OF LONDONDERRY—Of the largest size with shell-like petals of great substance; color, ivory white.

MRS. PIERPONT MORGAN—Intense bright cerise, or rosy crimson; of fine shape, great substance and good size.

* **MAD. AUG. GUINOISSEAU**—Resembling La France in growth and bloom, but of a light peach pink. This is the White La France.

* **MARCHIONESS OF LORNE**—Fulgent rose color, slightly shaded in the center with vivid carmine. Flowers large and full; buds long and handsome.

MARCHIONESS OF DUFFERIN—Rosy pink suffused with yellow at base of petals.

MADELINE GUILLAUMEZ—Color, salmon-white, with lemon yellow center; of good size and shape.

MAD. FREULON—Color, clear white, shaded with cream and rose.

MAD. HENNVEUE—Color variable, bright satin rose, veined carmine.

MAD. PIERRE COCHET—Deep orange yellow or deep apricot; of climbing habit.

All orders for field grown Roses should reach us before March 1st, as after that date Roses start growing and will not transplant well.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

* **MD. PHIL. KUNTZ**—Cherry red in color, flowers of good size; free in growth and bloom.

* **MAD. CAROLINE FESTOUT**—The pink rose of the day; large shell-like petals of a pure deep pink color. Flowers extra large and of beautiful globular shape. Vigorous, and a profuse bloomer.

We have a grand stock of this fine variety in two and three year old plants on their own roots, or budded plants.

MAI FLEURI—An effective white climbing rose, color, satiny white.

MAD. H. GREVILLE—Yellow edged with salmon rose; large, full and globular.

MRS. W. C. WHITNEY—Deep clear pink in color; petals, large, shell-like; buds long and rounded and freely produced.

* **MAMAN COCHET**—Beautiful flesh colored rose in color, in size unsurpassed; perfect in shape, buds or open flower. Often shaded with carmine and yellow.

MAD. PERNET-DUCHER—Very pretty buds of intense canary yellow color; a yellow hybrid tea.

MAD. VEUVE MENIER—A vigorous grower and free bloomer; color of flowers deep bronze-pink; of good size, and cupped form.

MAD. A. VEYSSET—Silvery pink, striped and splashed with deep pink. In form of flower and growth the same as La France. This is the striped La France.

MISS WENN—Flowers full and well formed; color, a beautiful china rose; a free flowering rose.

MAD. DOGERE—Color flesh white, shaded with light salmon; long rounded buds.

MAD. ELIE LAMBERT—Delicate rosy flesh, outer petals shaded white; large, full, and globular.

MISS MARSTEN—Large handsome buds, when open, a full double flower; color, very light flesh shaded rose, center a rich deep pink.

MAURICE BOUVIER—Large, full and of splendid form; color, beautiful deep rose, outer petals shaded carmine.

* **MARGARET DICKSON**—White with pale flesh center; large, shell-like petals of good substance. Handsome in bud and open flower.

MEDEA—Flowers lemon color, with deeper center; of great substance and ideal shape; vigorous in growth and free in bloom.

* **MAD. JOS. SCHWARTZ**—White tinted rose color, of beautiful globular form; very free in growth and bloom.

25 cents each; \$2.50 per 12, for strong mostly 2 year old field-grown plants. Of all the varieties marked with a star we can supply also extra large selected 2 year old plants at 35 cents each; \$4.00 per 12.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

MAD. PHILEMON COCHET—Light peach color, suffused with salmon; full and of cupped shape. Vigorous, and free in bloom.

* **MAD. SCIPION COCHET**—White shaded light yellow; petals edged with rose; very vigorous and profuse bloomer.

MAD. WELCH—Pale yellow, with deep orange center; very full and of globular shape.

MAD. H. DEFRESNE—Fine deep yellow, reflexed with copper; large and of cupped form.

* **MAD. LAMBARDE**—Bright rosy-crimson, occasionally salmon-pink; outer petals of buds deep crimson; free in growth and bloom.

MAD. DE WATTEVILLE—Salmon-white; each petal bordered bright rose like a tulip; large and full.

* **MARIE VAN HOUTTE**—Light yellow; petals edged with rose; large, full and of fine form; a general favorite.

* **MAD. FALCOT**—Apricot-yellow, in the way of Safrano, but of a deeper shade, and more double.

* **MAD. HOSTE**—Bright, clear, light yellow; very large, full, and of perfect shape. Vigorous growth, producing freely grand blooms.

* **MARQUISE DE VIVENS**—Pale rose, bordered with deeper shade at edge of petals; center shaded yellow.

* **MAD. ALFRED CARRIERE**—Creamy-white, tinged rosy-salmon; large and full. A strong, free blooming climber.

* **MARECHAL NIEL**—Beautiful deep yellow; grand form; highly perfumed. A grand rose, but not always satisfactory in growth. Of climbing habit.

* **Mlle. CECILE BRUNNER**—Light rose, with deep colored center; beautiful buds, and freely produced. One of the best Miniature or Fairy roses.

MRS. CLEVELAND—In the way of General Jacqueminot, but brighter in color and more profuse in bloom.

* **MAD. GABRIEL LUIZET**—Pale rose, of a delicate and most beautiful tint; large and of grand form. Free in growth and bloom.

* **MAGNA CHARTA**—Bright pink, suffused with carmine; very large, full and of cupped shape.

* **MABEL MORRISON**—White, faintly flushed with pink; large, full and of cupped form.

All orders for field-grown Roses should reach us before March 1st, as after that date Roses start growing and will not transplant well.

List of New and Standard Varieties of Roses, Including Many Varieties of Recent Introduction—Continued.

MRS. JOHN LAING—Soft clear pink ; large flowers, perfect in shape, in bud or open flower. Vigorous and very free in bloom.
